The Boris FX Particle Illusion library is a collection of free particle tools. It contains all of the tools you need to create real-time, cartoon-like effects. This library is mainly aimed at motion graphics professionals, but you can even use these tools in After Effects! Particle Illusion 3.0.3 (version 2.2) download required: Hello, I have been using Boris FX Particle Illusion along with the same version of CrazyFly Orbit as an orbit effect in a previous project. Suddenly in my new current project there was a bug in orbit that would freeze the timeline. The funny thing was I could not reproduce it in my previous project. Once I undocked Particle Illusion, the orbit bug was gone! Is there any way of installing old versions of the particle editor? I was testing some 3.0.3 files, but I am now not finding them, I could not download them in the previous posts. Do you have any idea where I can get them? Thanks! ;-)

I received a question about the availability of an old version of Particle Illusion. The answer is here: - Boris FX Particle Illusion folder was released on 15.
