Integrated Electronics Analogue and Digital Circuits and Systems - Jacob Millman, Christos S. Halkias - McGraw . Millman Halkias - Integrated Electronics.pdf. ISBN 0-671-37421. Annotation. The book discusses the general principles of IC design. The elements of integrated circuits, including field-effect transistors with an insulated gate, are described in detail. The characteristics of the most widely used bipolar transistors, transistors with an insulated gate and semiconductors are given. Integrated electronics. Download for free or watch online.
