Dog owners see the same breed of dog as their own. Pregnant women notice other pregnant women. What's going on here? very interesting . Many of us know that dogs are similar to humans, and many of us know that we have similar traits and traits that make us different from others. However, we don't always know what our dogs think of us. A recent study shows that when your dog or a friend's dog approaches you, it will study you and then establish its own way. Here's how the process goes. In a study published in the journal Evolutionary Beh
